SWITCH ENGINE'S ESCAPE.

PASSES OVER DYNAMITE.
 DENVER, Oct. 29.—An unsuccessful attempt has been made to wreck a switch engine in the Colorado and Southern yards in this city, and by the merest chance the crew escaped death. Dynamite had been placed under a tie, and exploded as the engine passed over it. The engine was derailed, but did not leave the track. Colorado Springs last night for a later train.

JOHN DUFFY ARRESTED.

PUEBLO, Oct. 29.—A man giving the name of John Duffy was arrested tonight, in compliance with a telegram from Secret Agent Rhell of the Santa Fe company, now at the wreck. A subsequent request was made for the arrest of all suspicious characters for investigations, and this is being carried out.

THINKS PRESIDENT CAN STOP AIRSHIPS.

WASHINGTON, Oct. 30.—Edward S. Tanner, 33 years of age, a native of Switzerland, and a crank, tried to see the President today, but did not get far beyond the doors of the executive offices before his condition was discovered. He was taken to the police headquarters and arrested.

BAND MAN GAVIN.

HOT SPRINGS (Ark.), Oct. 29.—Charles Gavin, alias Gobel, 43 years old, was arrested here today. There is a reward of \$1000 standing for Gavin. He is also wanted at Elbebe, Ariz., on a charge of being connected with a \$1000 diamond robbery. The Sheriff of Elbebe and a Chicago detective agency have telegraphed the local authorities to hold Gavin at all cost. He admits his identity.

BANKERS ESCAPE TRAIN WRECKERS.

Santa Fe Flyer Goes Through a Bridge at Apishapa Creek, Colo.

Thirty or More Trainmen and Passengers Injured. Engine and First Four Cars Mass of Wreckage—Engineer John E. Walker Pinned Under His Cab and Scalded—Valises Riddled by Robbers.

[BY THE ASSOCIATED PRESS—P.M.]
 PUEBLO (Colo.) Oct. 30.—By an act of train-wreckers, the east-bound Santa Fe passenger train, No. 6, known as the Colorado-Chicago Flyer, in which was one car filled with eastern bankers, homeward bound from California, was derailed at 1:30 o'clock this morning at Apishapa Creek, thirty-five miles east of this city, and breaking down the steel bridge, the engine and the first four cars following it, plunged to the bed of the creek, where they were piled in a mass of wreckage. Thirty or more trainmen and passengers were injured. Engineer John E. Walker of La Junta was scalded and bruised, and may die.

COL. HOLLAND DYING.

WRECK AT HOWELL, KAN.
 TWO PERSONS INJURED.
 HOWELL (Kan.) Oct. 30.—At the office of Superintendent Hurley of the Santa Fe, it was said tonight that the wreck of passenger train No. 5 at Howell, Kan., last night, was a small affair. Nobody was killed, as was at first reported. Two persons were injured, but not seriously.

BEAVERS CASE ON.

Grand Jury Records the Property of the Government—Inspector Little Had Knowledge of Driggs's Deeds.
 NEW YORK, Oct. 30.—Miss Amy Wren appeared today as a witness in the hearing of George S. Beavers before United States Commissioner Hitchcock. Miss Wren is the official stenographer of U. S. Dist. Atty. Young of Brooklyn, and took the minutes of the grand jury which returned indictments against Beavers and George E. Miller. Miss Wren said she had been present in the grand jury room when the Beavers indictment was found, but the court refused to allow her to divulge what transpired there.

TO FIX DATE OF TRIAL.

WASHINGTON, Oct. 30.—It was arranged today that counsel appear in the District Criminal Court Monday and fix the date for beginning the trial of Augustus M. MacKen, San Francisco, charged with the murder of Dr. R. G. Moffat and Mrs. Lorena of Toledo, O., for alleged conspiracy in connection with postal contracts.

FORTY-FIVE DROWNED.

Result of the Sinking of the "Total Mary" in Collision With the Russian Steamer Progress Off Hakodate.
 YOKOHAMA, Oct. 30.—(By Asiatic Cable.) It was ascertained today that forty-five of the 140 who were on board the steamer Total Mary were drowned, as a result of the sinking of that vessel yesterday, after having been in collision with the Russian steamer Progress off Hakodate, Japan.

SWITCH ENGINE'S ESCAPE.

PASSES OVER DYNAMITE.
 DENVER, Oct. 29.—An unsuccessful attempt has been made to wreck a switch engine in the Colorado and Southern yards in this city, and by the merest chance the crew escaped death. JOHN DUFFY ARRESTED.

PUEBLO, Oct. 29.—A man giving the name of John Duffy was arrested tonight, in compliance with a telegram from Secret Agent Rhell of the Santa Fe company, now at the wreck. A subsequent request was made for the arrest of all suspicious characters for investigations, and this is being carried out.

THINKS PRESIDENT CAN STOP AIRSHIPS.

WASHINGTON, Oct. 30.—Edward S. Tanner, 33 years of age, a native of Switzerland, and a crank, tried to see the President today, but did not get far beyond the doors of the executive offices before his condition was discovered. He was taken to the police headquarters and arrested.

BAND MAN GAVIN.

HOT SPRINGS (Ark.), Oct. 29.—Charles Gavin, alias Gobel, 43 years old, was arrested here today. There is a reward of \$1000 standing for Gavin. He is also wanted at Elbebe, Ariz., on a charge of being connected with a \$1000 diamond robbery. The Sheriff of Elbebe and a Chicago detective agency have telegraphed the local authorities to hold Gavin at all cost. He admits his identity.

SHUBERT DISGUSTED.

Prejudice Shown by London Critics and Managers Against American Productions Makes Him Quit England.
 NEW YORK, Oct. 29.—[Exclusive Dispatch.] Sam Shubert of the theatrical firm of Shubert Bros., arrived today on the steamer Cedric disgusted with his first managerial venture abroad, and determined to take no more American pieces to England. He has arranged to withdraw "Dolly Varden" from the Avenue Theater, because of what he considers the prejudiced attitude toward American productions.

HOLD AS ACCESSORIES AFTER THE MURDER.

ALLENTOWN (Pa.) Oct. 30.—The Coroner's inquest into the case of Mabel Bechtel, whose body was found in an arroyo outside her home last Tuesday morning, was concluded with a verdict that the young woman's death was due to a fractured skull from a blow inflicted at her home by a person unknown by the jury. The verdict named the inmates of the house, Mrs. Katherine Bechtel, Myrtle Bechtel, Charles Bechtel, and Edwin Bechtel as accessories after the fact of the crime.

ALL OF THE BECHTEL FAMILY PLACED UNDER ARREST.

John and Charles Denied Bail, but Bonds Are Accepted from the Others. Blood Spots Are Found on the Cellar Stairway.

INNOCENT DRIVERS.

Curious Legal Situation Arising from Joint Indictments Found Against Surveyor-General Price and Murphy.
 PHOENIX (Ariz.) Oct. 30.—A rather perplexing and interesting question has arisen from the joint indictments against Surveyor-General Hugh H. Price and Chief Clerk W. E. Murphy, which recently resulted in charges of extortion, in that applicants for mining patents were charged extra fees to have their applications rushed through the Surveyor-General's office, which was behind in its work.

NEW SERVIAN FLOT.

Enemies of the Regicides Are Still Active in Plans for Wrecking Vessels on Them.
 BELGRADE (Serbia) Oct. 30.—By Atlantic Cable. Capt. Laskewitch, the former aide-de-camp of the late King Alexander, who was arrested last September, and sentenced to a month's imprisonment, for having engaged in a conspiracy against the murderers of King Alexander and Queen Draga, has been rearrested. He was captured in the laundry-room of the fort here.

DOLE TO SUCCEED ESTEE.

HONOLULU, Oct. 29.—Advice from Washington, D. C., states that Gov. Tule will probably be appointed United States District Judge of Hawaii to succeed Morris M. DeLoach, deceased, and that Gov. Tule will be succeeded by George A. Carter, Secretary of the Territory.

CHEERING FOR PARRY.

Employers' Combine Finds Chief.

Citizens' Industrial Association of America Day Organized With Prominent Officers.

Alliances Play Subordinate Part, but All Opponents of the Union are Welcomed.

Strong Resolutions Adopted Setting Forth the First Principles. Meeting in February.

[BY DIRECT WIRE TO THE TIMES]
 CHICAGO, Oct. 29.—With the election of D. M. Parry of Indianapolis, as its president, the formation of the Citizens' Industrial Association of America was completed tonight. The organization is national in scope, and includes representative manufacturers, tradesmen, other employers of labor, local industrial organizations and citizens' alliances, having among other things as its object the dealing with the labor problem in all its phases. A convention of the association will be held at Indianapolis next February.

CHICAGO, Oct. 29.—[Exclusive Dispatch.] That the Citizens' Industrial Association of America will be conducted along the old-line lines of an employers' association, unhampered by the Citizens' Alliance, was made clear today at Kinzie Hall, when the new organization elected David M. Parry of Indianapolis as its president. The organization will have the Citizens' Alliance people two positions on the Executive Committee, which practically will control the organization.

Through representatives of what the Citizens' Alliance people two positions on the Executive Committee, which practically will control the organization. The organization will have the Citizens' Alliance people two positions on the Executive Committee, which practically will control the organization.

While the family were attending the funeral yesterday, Chief Eastman made one long fight on the question whether the lines of the new organization should be broadened to admit them. The issue was a compromise. The Citizens' Alliance delegates were admitted, and congratulated themselves on the fact that they had secured a victory, but the election of Parry and his power in creating the Executive Committee show that the principle on which employers' associations are founded will be the dominant principle of the new organization.

The following other officers were elected: First vice-president, J. C. Craig of the Colorado State and Denver Citizens' Alliance. Second vice-president, E. M. McLeary of Detroit, president of the National Electric Contractors' Association.

Third vice-president, J. T. Holt of New York, secretary of the New York Manufacturers' Association. Treasurer, A. C. Rosecrans of Evansville, Ind., president of the Evansville Citizens' Alliance.

Ex-Senator W. F. Saunders of Montana, Phil R. Tull of Kansas City, Kansas, J. W. Becker of Shelbyville, Tenn., Rosecrans of Evansville and Craig of Denver led the fight of the Citizens' Alliance element. E. M. Chadwick of Brooklyn and Holt of New York were the champions of the Employers' Association delegates. In consequence of his preponderance in the fight, ex-Senator Saunders was discussed at the first session as a presidential possibility, but in the afternoon, when a Nominating Committee of ten was named, it decided upon Parry without a dissenting vote, and when it named him as the candidate in its report, the convention went wild and cheered and stamped and clapped hands for ten minutes.

"You know where I stand," said Parry, in accepting the office. "Every pillar of my being responds to this movement. I recognize the great responsibility, and will be true to it."

Parry said later: "I don't know how the new body will kick as yet. I haven't known it long enough. But I fancy it will have plenty to say for itself in the near future. The men who have formed this new central force against trades-unionism are thoroughly in earnest. I believe the ideas behind the organization are carried out, it will have within twelve months not 1,000,000 members, but 10,000,000."

Before adjournment, it was decided to hold the first annual convention in Indianapolis in February. A tentative constitution was adopted. Besides appointing the Executive Committee, the convention elected a permanent committee to prepare a platform for the next year.

SUN SHINES FOR FARMERS.

Mortgages Melting and Bank Accounts Fattening.

Prosperity Resulting from High Prices for Crops.

Capl. McIntyre's Defense—After Defaulter Brown—Baptist Convention.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA, Oct. 30.—[Exclusive Dispatch.] The result of the high prices paid to farmers this season for wheat, barley, hops, stock and fruit, is shown by the unparalleled number of farm mortgages which are being paid off in Eastern Washington and Eastern Oregon. At Pendleton one day this week 25 mortgages were satisfied, showing a paid-up indebtedness exceeding a quarter of a million dollars. Most of the mortgages were being paid by banks against farmers and stockmen. They ran as high as \$15,000.

Similar reports come from Walla Walla, Colfax, North Yakima and other county seat towns. Farmers who were previously out of debt are now rich, and have large bank accounts. Improvements are being made on farms throughout the grain districts, these comprising new houses and barns, larger orchards and the buying of blooded stock. Many farmers have purchased property in near-by towns, and are building homes for the winter, where their children can go to graded schools.

SCHOONER RANIER WRECKED. HER CREW IS SAVED.

(BY DIRECT WIRE TO THE TIMES.)
SEATTLE, Oct. 30.—[Exclusive Dispatch.] A special to the Post-Intelligencer from Vancouver, B. C., says that the hull-but-fishing steam schooner Ranier of Seattle lies a wreck on the shore of Icy Strait, twenty miles west of Juneau. Her crew of a dozen men escaped, although it was the hardest kind of work on a dark night in a terrible storm that the men were saved. The disaster occurred late last Sunday night. News of the wreck was brought to Vancouver this evening by the steamer City of Seattle, arriving from Lynn Canal ports. The Sunday before, the Seattle passed a steamer out from Juneau bringing the captain and crew of the Ranier. The steamer had tried to save the boat on the rocks, but it was impossible to do anything for a light sea was running. The Ranier was then on the rocks and seemed to be going to pieces.

The Ranier had been out from Seattle several weeks, delivering catches at Juneau to be brought south by regular steamers. She had been fishing last Friday off the entrance to Peril Sound, which leads to Sitka. Friday night she was wrecked. The Ranier was then started for port with a gale from the west behind her. The waves were running so high that the combers repeatedly over the steering gear and disabled it. Sail was hoisted to the starboard side. This broke loose while the vessel was wearing around a promontory, and a few moments later she was on the rocks. She stuck fast, and water piled in many feet deep over the deck.

The men took refuge in the rigging some got ashore during the night on pieces of wreckage. The others were rescued in the morning. The vessel was of 170 tons, 80 feet in length and her home port was San Francisco. She was owned by Chickpeck Bros.

FRENCH ALMOND CROP. ALMOST TOTAL FAILURE.

(BY THE ASSOCIATED PRESS—A.M.)
SAN FRANCISCO, Oct. 30.—Victor H. Morgan, United States Vice-Consul at Marseilles, in his latest reports on the French almond crop, says that the latest advices from correspondents in the almond-growing districts of the province agree in confirming the fears expressed in the report of June 6, last. Owing to the severe late frosts, this fruit, while of good quality, is this year very scarce in the market mentioned. A total yield of from four to five thousand bushels is estimated, against 20,000 to 25,000 bushels produced in years of plenty.

In spite, however, of the local dearth, prices are falling here, due to the fact that crops in Italy and Spain, from which countries large importations are made by the French exporters, who, after shelling and classifying the fruit thus received, reexport it. Lower prices are expected.

SPANISH PAPERS COMBINE. TUCSON GETS THE ONE.

(BY THE ASSOCIATED PRESS—P.M.)
TUCSON (Ariz.), Oct. 30.—At a meeting of Spanish-American editors and politicians representing all the Spanish newspapers in Arizona, it was decided to consolidate them all, five in number, and establish a Spanish daily in this city. As a result, El Frontero, Publishing Company, has been formed with a capital of \$25,000 to publish the daily El Frontero. The new publication will be Democratic in politics and will be the only Spanish daily published in the Southwest.

BAPTIST CONVENTION. SYNOPSIS OF PROCEEDINGS.

(BY THE ASSOCIATED PRESS—P.M.)
FRESNO, Oct. 30.—The Baptist convention of California and Nevada was called to order for the morning session at 9:30 o'clock.

Resolutions thanking the people of the local church, citizens of Fresno and others were passed by a rising vote.

The Committee on Fraternal Insurance reported that arrangements had been made by which members of the church could secure insurance in an old-line insurance company of good standing without paying the agent's commission, which could be used as a benefit fund for aged ministers and widows and orphans of the church. This report, however, was postponed to a later hour of the convention in order that more time might be found to discuss the matter.

The Committee on Christian Education, of which John H. Stevens is chairman, presented its report. Among other matters of interest, the report shows an enrollment of 47,442 students in the Baptist schools of the country, making an increase of nearly 100,000 students during the year. The value of

the property of the Baptist schools is shown by the report of the committee to be \$4,596,112, nearly \$2,000,000 more than was owned by the Baptists a year ago.

Following this report came the principal address of the day by Dr. T. G. Brown, president of the California College. The other features of the morning session were addresses by Rev. Thomas Baldwin, D.D., on "The education of the young Christian duty," "The duty of the church to the young," by L. J. Sawyer, and "The duty of the young people to the church," by Robert Whittaker. The session was closed with prayer for a larger vision and deeper life for all the workers, led by Thomas P. Boyd.

The afternoon session of the convention was given over largely to the missionary addresses by Miss Mary G. Burdette and by the missionaries who are attending the convention.

ERWIN ON THE STAND. DENIES LETTER TO MACHEN.

(BY THE ASSOCIATED PRESS—P.M.)
SAN FRANCISCO, Oct. 30.—Before United States Commissioner Heacock today Samuel Knight, attorney for James R. Erwin, the indicted postal inspector, introduced evidence to prove that the Richardson mail-box case is a most valuable adjunct to the city postal service.

Mr. Erwin, superintendent of the city delivery, stated that he did not think the device made by the Postal Service and Improvement Company was useful in any but the business districts of the city.

Erwin was put upon the stand. He denied the authorship of a letter to Machen, and further said he had been warned that his mail was being tampered with. He offered to produce five or six letters addressed to him, that he believed would show the truth. This surprising testimony was admitted, despite the District Attorney's objections. This finished the evidence on the Commissioner Heacock took the case under advisement.

SLOPE BRIEFS.

Treasure for Philippines.
SAN FRANCISCO, Oct. 30.—The steamer, Sherridan, sailing tomorrow for Honolulu, Guam and Manila, will carry \$2,000,000 in silver and gold in her treasure room. She has a full list of passengers, in addition to the enlisted men of the Twenty-second Infantry.

Skull and Key's Initiation.

UNIVERSITY OF CALIFORNIA, Oct. 30.—The initiation ceremonies of the Skull and Key, the interfraternity society, amused several thousand society people and students who congregated on the bleachers at the football field today. Early in the day the Neophytes, in dress coats and duck trousers, carried on the antics of children, and later appeared on the gridiron to give an amusing programme in grotesque costumes.

Big Sale of Histories.

SACRAMENTO, Oct. 30.—Since the state's new history of the United States was issued in the latter part of September, there have been 20,000 copies sold. The first edition consisted of 10,000 copies, the second of 10,000, and the third edition is now in the hands of the State Printer. The histories are sold by the State at cost, which is fixed at 21 cents. Dealers, in order to pay the cost of freight, may charge 30 cents each for the histories.

Photographers' Convention.

SAN FRANCISCO, Oct. 30.—The annual day of the convention of the Photographers' Association of California, which includes also the photographers of Nevada and Arizona, opened this morning at the Mechanics Pavilion. The forenoon was given up to the demonstrations of the processes of printing and toning photographs on the different papers.

To Take Back Defaulter.

SAN FRANCISCO, Oct. 30.—Sheriff Hoover of Pickaway county, O., accompanied by George B. Thompson, clerk of the Supreme court, arrived here today to take back James K. Brown, the defaulting cashier of the United Bank of New Holland, O., who embezzled \$100,000, which he lost in speculation. They will leave with their prisoner immediately.

Will Maintain Lumber Prices.

TACOMA (Wash.) Oct. 30.—That there is no occasion for an immediate cut in the price of lumber was the decision at the regular monthly meeting of the Pacific Lumber Manufacturers' association held here. The members are agreed that the weakness in demand is only a temporary condition which may not endure than the close of next month.

Fighting the Railroad.

SAN JOSE, Oct. 30.—Late this afternoon Frederick Brown, a grain dealer, brought an injunction suit against the Interurban Electric Railway to prevent the further construction of the 20 North Market street. He asks for an immediate restraining order.

Held for Wife Murder.

SAN FRANCISCO, Oct. 30.—William Henry Bushell, a boiler maker, charged with murder following his wife's death, as the results of burns caused by a lamp explosion in her home when she was quarrelling with him, was held to answer before the Superior Court by Police Judge Frits today. Bail was fixed at \$10,000.

Body from the Bay.

SAN FRANCISCO, Oct. 30.—The body of George White, a bricklayer, was found floating in the bay this afternoon, off Webster street, and

The Greatest Modern Triumph

of the musical world is the Aeolian Piano. Think what it means to have an instrument about the size of the usual piano that can be played either as the piano has always been played or as a Pianola. Such an instrument is the

Aeolian Piano

A standard high class instrument, the size of an upright piano, and by the simple pressing of a button, it can be played as a pianola. The Aeolian Piano is an instrument everyone can play. Wouldn't you get more enjoyment out of an instrument the whole family can play than from a piano only one or two can play? Let us show you the Aeolian Piano.

235 SOUTH SPRING STREET.

NEW YORK WAITS FOR NEW LEMONS.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 30.—[Exclusive Dispatch.] California lemon receipts have been only 244 boxes so far in October, compared with 2598 boxes, bringing the same per cent. last year. The total receipts in October have been only 244 boxes. From November 1, 1901, to September 30, 1902, the receipts were 49,977 boxes and from November 1, 1902, to September 30, 1903, 52,740 boxes.

According to statistics compiled by the New York Fruit Exchange, there are afloat for all ports 54,300 boxes of lemons, compared with 54,300 boxes at the same time last year. Of the quantity, 27,100 Messina. A considerable proportion are new crop.

There are none at the wharves unsold excepting a few which arrived on the Lahn. Receipts from October 1 to date have been 36,629 boxes, compared with 7697 boxes during the same period a year ago. Receipts in September, 1902, were 45,062 boxes. Receipts from November 1, 1901, to September 30, 1902, were 1,948,990 boxes, and from November 1, 1902, to September 30, 1903, 1,781,975 boxes.

The market remains steady at quotations for repacked stocks. Buyers are awaiting the arrival of new stocks and consequently are buying sparingly of old fruit. Prices fluctuate at Austin, going up and down, according to the conditions of the fruit, but jobbing prices remain steady. New crop fruit now on the way here is reported good for early shipments, and a good market is anticipated.

Receipts of California oranges since October 1 are given as 8547 boxes against 9487 boxes during the same time a year ago. In October, 1902, receipts were 12,145, and in September, 1903, 23,918. From November 1, 1901, to September 30, 1902, receipts were 330,100 boxes, and from November 1, 1902, to September 30, 1903, 1,198,575 boxes.

UNEXPECTED DEMAND FOR LOCOMOTIVES.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Oct. 30.—[Exclusive Dispatch.] Within the past few weeks there has been an unexpected increase in the demand for locomotives. The Seaboard Air Line has put in an order for thirty up-to-date engines; the Pennsylvania lines west of Pittsburgh are to have eight new machines, and the Belgian State railways have asked for bids for 100 locomotives of American make.

While nearly all of the railroad companies are reducing the number of employees in their shops, large locomotive works throughout the country are running on full time and with full work forces. Orders for new engines have been placed six months ahead of the time of the order. The Baldwin company, and also with the Baldwin

THUNDERBOLTS FALL NEAR KING VICTOR.

(BY THE ASSOCIATED PRESS—P.M.)

ROME, Oct. 30.—[By Atlantic Cable.] Distressing accounts have been received from the entire peninsula of the effects of extremely tempestuous weather. In the north and south great quantities of rain have fallen, causing floods and accompanied by heavy lightning and high winds. Severe storms at sea are reported, but no lives are known to have been lost. Thunderbolts have caused several extensive fires.

One thunderbolt fell on the royal hunting lodge of San Rossore, near King Victor Emmanuel and Queen

Opening...

On Monday evening November 2, the elegant new Grill Room in The Angelus will open for business. Entrance on Fourth Street, also from inside of the hotel. Popular prices. After theater parties catered to especially. Open until 1 o'clock a. m. Music.

Remarkable Sale
Of
Embroideries Today.

Good news is coming fast these days. Our New York office is keeping us supplied with a perfect stream of good values. One of the luckiest purchases we have ever made is this snug lot of embroideries which we offer today in the following three lots.

Lot 1
One Cent
EMBROIDERY EDGINGS

This lot is small, consisting of about 1200 yards. It consists of white embroidery edgings from 1 to 1 1/2 inches wide, in a good assortment of patterns. These would ordinarily retail up to 5c. Special today, 1c per yard.

Lot 2
Three Cents
EMBROIDERY EDGES

There are over 3000 yards in this lot. It consists of dainty, new embroidery edgings from 1 to 1 1/2 inches wide, in a large range of pattern, including pretty open-work effects, and neat little patterns on nainsook and cambric. Worth 7c, 8c and 9c the yard. Special today 3c the yard.

Lot 3
Five Cents
EMBROIDERIES

2500 yards in this lot, consisting of handsome new embroideries, 1 1/2 to 3 1/2 inches wide, in a big variety of different effects, including heavy point embroideries and Hamburg effects. They would sell regularly at 14c, 15c and 16c. Special today 5c.

NO HAIR-CUT FOR INDIANS.

Sweeping Edict Just Issued by the President.

Lummi Blasted Over Receipt of News from Washington.

La Con Wear His Locks Long. Victory for the Sequoia League.

President Roosevelt has cancelled the Indian "hair cutting" order, which from the time it first issued the Indian Affairs Department, aroused ridicule and indignation throughout the country.

Commissioner hearing upon the President's declaration that the order shall no longer be enforced under any circumstances has come to Charles F. Lummi from Washington. This edict declaring enforced hair cutting among the Indians of the entire United States, issued from the recent campaign of the Sequoia League against the administration of Indian Agent Burton, in charge of the Maidu reservation in Nevada, and is considered by the league a victory.

Mr. Lummi, chairman of the league, learned from New Mexico yesterday, concerning the dispatch from Washington, which was published in the city, stating that Secretary of the Interior Hitchcock had written him a private letter demanding an immediate retraction of the charges against Agent Burton. Mr. Lummi said that if any charges were in order, they should come from the Department of the Interior, and not from the Sequoia League.

The fact is, the letter from Secretary Hitchcock to Lummi referred to in the dispatch from Washington concerning "retraction" demands, was received by the chairman of the league over its weeks ago, and the latter immediately replied with a personal letter which contained some very terse statements concerning the subject under discussion. A number of reasons were given to show that retractions were deemed unnecessary by the chairman of the league. No answer to his letter had been received from the Secretary of the Interior.

Mr. Lummi said last night: "I was surprised when I saw the dispatch from Washington, as I supposed the department would be glad to let the matter rest where it was. The Sequoia League has no apology to make to the department or others in the Maidu matter beyond the fact that in the accusations which have been made against Agent Burton's administration were made to apply to a violation of the conditions of those who knew the law."

The net result of the campaign in this case is that Burton is proved to have maintained brutal subordination for years, though he himself is an educated man. The government has repudiated his brutal subordination, and for not reporting the same. Another brutal subordinate, Ballenger, it has also repudiated him for tempering and indulgent cutting of the hair of the Maidu by force, and warned him that further threats will force must ever be made again. The government also demanded Kampmeyer from the service, and degraded Ballenger to a position where he got at the end of the line, on which account he has since resigned from the service.

If the Sequoia League had done nothing else by the Maidu campaign than to secure the repeal of the infamous, odious and idiotic hair-cut order, it would feel justified in its course. The order had been in force some eight months, despite the derision of the press of the country. It was used by some agents to the great hardship of and outrage of thousands of Indians.

It would be easy for us to show that if anybody was to apologize, it would be the Department of the Interior, and not the Sequoia League. It was used by some agents to the great hardship of and outrage of thousands of Indians.

Mr. Lummi announced an absolutely untrue the findings of the department agent, which charge that none of the signs of the accusations against the Maidu agent's administration had ever visited Maidu. One of the members of the Executive Committee of the league was formerly agent of the Maidu reservation, in conjunction with which the Maidu are controlled.

J.W. ROBINSON CO.
BOSTON DRY GOODS STORE.
239 South Broadway, Opposite City Hall, Los Angeles.

Here are several specials for our Saturday selling. Items selected from our stock of

Children's Wear

As it is more convenient to bring the little ones to the store on Saturday, we usually offer specials from the Children's Department for that day. We show one of the largest stocks of Children's Wearables on the Coast. Our dresses, aprons, coats, jackets, etc., are all just as carefully made as the finest ladies' gowns, and only the best materials are used. You should take advantage of these specials.

We offer today a special value in dresses of odd sizes; they are of blue serge trimmed in red tassel, with white kid belt. Sizes 8 to 10 only. Reduced from \$8.50 to \$4.50.
One lot Cashmere Dresses suitable for school wear, in brown and blue, round yoke trimmed in plaid silk and braid. Sizes 4, 6, 8 and 10 only. Reduced from \$5.00 to \$2.75.
One lot Misses' two-piece Serge Suits with drop skirt, neatly trimmed in bands of silk. Sizes 10, 12 and 14 only. Reduced from \$8.00 to \$5.00.

We have just received a complete line of Misses' Golf Skirts, trimmed in striped bands and buttons. Prices \$4.50, \$5.00, \$6.00, \$7.00 and \$7.50.
Sample line of Jackets in red, blue, tan and green; sizes from 6 to 12. Reduced from \$7.00 to \$4.00, from \$8.00 to \$5.00 and from \$10.00 to \$6.50.
A complete line of children's long Coats in red, navy, tan and brown, trimmed in fancy braid and buttons. Sizes 2, 4 and 6. Priced from \$3.50 to \$6.50.
An odd line of Long Coats suitable for school wear. Sizes 8, 10 and 12 only. Reduced from \$10 to \$5.00.
We have also received our full line of Misses' Coats and Jackets in Melton, Broadcloth, Cheviots and Zibeline.
Our line of Children's \$1 Aprons will be on sale Saturday at 50c. Sizes 4 to 12 years.

Dinner Sets Bought From Vollmer's China Store

SPORTS LOSE
THEIR C

Only One Favorite
Home in First Place

Grail Made Fine Finish in Dash.

Bg. Crowd Witnessed the Races End Today Good Card.

If any of the sports brought back from the race track yesterday was because they had accidently it into a pocket that they carried when they wanted to bet.

Four outside horses won, and choice ran a dead heat favorite in another dash. A public pick came in first, and a favorite not selected by a majority of the sports. As for the day was over many thought of walking home to

GRAIL'S GOOD RACE

back to sixth place, and fourth. Constellator showed its class into the stretch, and in a small corner at the three-quarter mark, it was in the lead. It was under a good ride from Constellator's jockey, and Constellator handled by fourth. Cambaceres got away, was second for a moment; but a front runner, who came in the lead discouraged by being dropped back to last position, showed there. Polonus had early lead, but others of the field shot him down.

FIRST DEAD HEAT.

The third race at seven furlongs was a dead heat between the two horses, who made the start about as even as

thing cod, for Loyal 2. and E favorite and second choice, ran heat and the money in the pool was split, each getting back out of what he put up. The Miller and Loyal 2. fought for the heat, but all the way into the and then Frawley made a strong on Polito and finished over Loyal 2.

Pilon, the only favorite to win a hard time in the first race in the D. After he started he led thing by daylight from the half thing, and was first by three a long

The second race put the upstart Honduran against the experienced Honduran. The two had also, for they played Bicycle and Honduran strong to make each win, but neither money-getter turning up in Case 1 to 1. Honduran was left by Talenti at the rest.

Billy Moore was the best thing
day, in the fourth race, at odds
and 5 to 1. In this almost ex-
played Cherries, with Powell up-
new liked Blue Miracle. These two
the two last to get away in the
field, Miracle being practically

POMONA QUILTS U.S.C. FOREVER.

Sensational Climax to Old College Feud.

Flatly Charges Dahonor in Athletic Relations.

Great Annual Football Game Off—University Stands on Agreement.

With flat charges of dishonor in intercollegiate football, Pomona yesterday brushed aside all negotiations and severed all athletic relations with the University of Southern California.

The immediate result of this startling climax will be the cancellation of the annual U.S.C.-Pomona football game—essentially the premier event of the year in college sport in this city.

If the deadlock continues, as the present heat and determination indicate, the annual field day also will be wiped out, and Southern California college athletics will suffer a severe blow.

POMONA'S HOT WORDS.

The intensity of the feeling of Pomona is indicated by the resolution adopted by the faculty and students after several days of negotiation and consideration.

President George A. Dahonor, in a letter to the Pomona faculty, declared that the Pomona College faculty had decided to sever all athletic relations with the University of Southern California.

Agreement Reached.

NEW YORK, Oct. 30.—Seven furlongs, handicap: Ice Water won, first time, 1:28 1/4.

Six furlongs, handicap: Wotan second, Reliance third; time 1:14 3/4.

One mile, handicap: Oarsman won, Grenade second, Conclusion third; time 1:29 1/4.

Six furlongs, the Oakdale Handicap: Dick Turpin won, Race King second, Dolly Spangler third; time 1:13 3/4.

One mile, handicap: Allerton won, Meistersinger second, The Guardsman third; time 1:41 1/4.

Five furlongs, handicap: Trapan second, Erbe third; time 1:40 3/4.

ST. LOUIS, Oct. 30.—Seven furlongs: Lord Hermene won, Lady Pines second, Knight second, Miss Crawford third; time 1:28 1/4.

Six furlongs: Mocorito won, Avoid second, Annie Max third; time 1:14 1/4.

Five and one-half furlongs: Lucian won, Our Lilly second, Keith third; time 1:48 1/4.

One mile and one-half: Pettijohn won, Lou Dorsey second, Bessie McCarthy third; time 1:48 1/4.

Six furlongs: Happy Chappy won, Jake Weber second, Mingo third; time 1:13 1/4.

One mile and one-half: Kings Court won, Dr. Holcher second, Roger Smith third; time 1:43 1/4.

CINCINNATI, Oct. 30.—Six furlongs: Grand Mary won, Gionelle second, Third time; time 1:15 1/4.

One mile: Kilomrie won, Lemco second, Melbourne third; time 1:43 1/4.

Five furlongs: Trotter won, Armorer second, Siamcock third; time 1:10 1/4.

Handicap steeplechase, over horse course: Faraday Junior won, Fella second, Sea Pirate third; time 3:05.

Five furlongs, Commadore third; time 1:01 3/4.

Six furlongs: Khaki won, Fair Lady second, Satchel third; time 1:15 1/4.

WORTH WINNERS.

CHICAGO, Oct. 30.—One mile: James J. Corbett won, Frank M. second, Athol third; time 1:41 1/4.

Six furlongs: Fly Lady won, Letta second, Badger Girl third; time 1:08.

FUNNY DOINGS IN THE EAST.

Ed Cole Asks Horsemen to Race at Los Angeles.

His Co-partner Frank Bryan a Tour for New Orleans.

Looulos Gather in Another Game. Kaiser's Cup for the Trans-Atlantic Game.

(BY DIRECT WIRE TO THE TIMES)

NEW YORK, Oct. 30.—(Exclusive Dispatch.) Ed Cole, the turfman, is enthusiastic over the new Los Angeles track. He is one of the proprietors of the Columbia farm track, and is anxious to see Cole around among the horse owners "cracking up" the Los Angeles track, where he is to be Judge, and a few seconds later to be Frank trying to offset Cole's arguments and induce the horse owners to race at New Orleans. Bryan is to be steward there this winter.

TRANS-ATLANTIC RACE.

GOSSIP ABOUT KAISER'S CUP.

NEW YORK, Oct. 30.—(Exclusive Dispatch.) It is now known that the Emperor of Germany will soon offer a cup through his Ambassador, Lord Lansdowne, for a trans-Atlantic race, and details of the event are anxiously awaited. The trophy is to be given over to the joint custody of the New York and Atlantic yacht clubs. The course will be from Sandy Hook to some point in the English Channel. It is hinted that the trophy will be open for competition to craft of any rig. It is thought, however, that only schooners would enter such an event. It has been stated in some quarters that the Kaiser would start his American-built schooner Meteor in such a race, and that also the Empress's Iduna might be entered.

PUBLIC SERVICE—OFFICIAL ANNOUNCEMENTS.

SUMMARY OF THE DAY.

The Board of Public Works directed the City Engineer yesterday to present an ordinance to the Board of Public Works to construct the Hill-street tunnel at an estimated expense of over \$100,000. This cost must be borne by an assessment district under the present plan.

A plan for the organization of an art commission is now receiving the attention of the Board of Public Works, including the Chamber of Commerce and the Municipal League. The function will be to select a committee to select a site for a public art gallery in the center of the city.

A woman's present husband and her divorced spouse had a fight over her yesterday after a court proceeding.

A home has been found for the wife, Julia Boleau.

The case against the Record gamblers was dismissed by the District Attorney in the Police Court.

AT THE CITY HALL.

HILL-STREET TUNNEL WILL BE EXPENSIVE.

COST OF CONSTRUCTION MUCH MORE THAN WAS EXPECTED.

Assessment District Outlined to Cover Hill Street Property from Bellevue Avenue to Seventh Street—Strong Retaining Walls and High Facades.

Few people realize the magnitude of the proposed Hill-street tunnel which will pierce the high ground between First and Temple streets. City Engineer Stanford presented an estimate to the Board of Public Works yesterday afternoon. He finds that the tunnel will cost nearly \$100,000, or more than the cost of the Broadway and Third-street tunnels. The actual cost of the material and work, exclusive of profit to the contractor, engineering and inspector's expense, is placed at \$37,497.21.

A petition asking the construction of this tunnel was filed with the Council about two months ago by persons owning property along Hill street near First street. At that time it was stated that a canvass of the property owners on Hill street as far south as Seventh street had been made and that a majority was in favor of the improvement. It is very probable that the cost of the tunnel is in excess of the figure stated by those who desire the improvement and that the arduous task of the petitioners will be somewhat cooled thereby.

The outline of an assessment district over which the cost of the tunnel might be justly apportioned was submitted to the Board of Public Works yesterday. It includes all lots facing on Hill street from Sunset boulevard (Bellevue avenue) to Seventh street, and in addition a large section of territory fronting on and adjacent to Court street, Temple street and California street. The Hill school property and a portion of Sixth-street Park, belonging to the city, are included in the district.

If the cost of the tunnel is as estimated, the proposed assessment district is a large one, and it is not probable that the arduous task of the petitioners will be somewhat cooled thereby.

The City Engineer was instructed to present the ordinance of intention to build the tunnel at the next Council session. Property owners will then be given an opportunity to protest, and if it proves that a majority of the owners are in favor of the tunnel the big hole will be bored through where Hill street should be.

From First to Temple street the distance is 166 feet. As planned, the north and south portals and the tunnel proper will occupy 150 feet. From First street to the north side of the wall that is to form the south facade is 200 feet and the south portal extends this entire distance. The length of the tunnel proper is only 437 feet, while the distance from the north facade to the end of the north portal is 232 feet. The plans provide for a retaining wall for the west side of each entrance. The retaining walls vary in height along their extent from three to forty-nine feet. The wall of the south facade will be forty-nine feet long and forty-six feet in height. The wall forming the north facade will be 150 feet long and forty-six feet high. The top of these walls will be two feet in thickness and the walls will be three feet thick at the base. They will be surmounted by ornamental iron fences. The proposed tunnel has a maximum height of thirty-two feet inside and the height at the center is twenty feet. The arch is to be a semi-circle with a radius of sixteen feet.

Specifications have been drawn providing for the concrete construction of the tunnel and the facade and retaining walls. It is also planned to build a sidewalk from the north facade to the east side of Hill street and to six feet wide inside the tunnel and ten feet wide outside the tunnel.

It will be a most remarkable showing of public spirit if the people whose property is included in the assessment district agree to pay the expense of this improvement. The contract price for the tunnel is not believed to be more than \$100,000. The contract price for the Broadway tunnel was \$65,000, and its total cost about \$110,000. These tunnels were built with money raised by a bond issue voted by the entire city. The contractors were paid 75 per cent. of the cost of work actually done each month.

If the Hill-street tunnel is built as planned the contractor will be subject to the Vrooman act. He will not get a cent of money back until the improvement is completed, and he will have to run the risk of defective proceedings or of some action in court affecting the tunnel unless he is allowed at least 30 per cent. profit. By conservative estimate the tunnel through the hill between First and Temple street will cost the people of the city at least \$100,000, if they do not protest the work.

Laurens Holmes, who first circulated the petition, thought the total cost would not be more than \$20,000. Even the signed and stamped document may pause when they learn that the expense will be more than three times what was anticipated.

Pays Official Call.

Liang Chi Chao, the illustrious Chinese diplomat, who is working to free his race from the bondage of archaic customs, paid an official visit to Mayor Snyder yesterday, marked by all the courtesy and solemnity which such calls in European court circles. Liang was accompanied by his private secretary and interpreter and by H. E. Mer Lee. The visit was in the nature of a farewell to the Mayor and the

distinguished visitor expressed his pleasure at the hearty welcome accorded him by both the American and Chinese residents of the city. He chatted with the Mayor for ten minutes regarding the future of China and its people, and then made his address. Tonight Mayor Snyder will be a guest of honor at a Chinese banquet to be given in Chinatown. The function will begin at 8:30 o'clock in the afternoon in the banquet hall at No. 309 Marchessault street. American civilians invited to this Chinese banquet will attend in full dress and military officers will go in uniform. Local Chinatown is preparing to outdo itself in the splendor of this feast.

MUST SPRINKLE.

"AUTO" PETITION DENIED. The petition from the Automobile Association of Southern California asking that no action be taken by the Council that would endanger the dry strip, was denied by the Committee on Legislation yesterday. The committee does not believe that the sprinkling done by the street car companies on the streets is an offense to automobile drivers. Instead, it is a benefit to them, as it keeps the streets clean and free of dirt. The cost of sprinkling the streets on which there are car tracks is borne by the street car companies. The plan will be beneficial all around.

This action augurs well for the passage of the ordinance by the Council next Monday.

All communications regarding prize fighting were laid over by the committee with the understanding that the ordinance to be presented next Monday will be considered.

McAleer endeavored to put the committee on record by granting the petition, but he was overruled by the other members of the committee who did not see fit to follow his lead.

Items of Public Work.

At the request of S. F. Doregan the application of the McCarthy Building Company for an incline railway franchise on Court street from Broadway to Hill street, was laid on the table for next week by the Board of Public Works yesterday. Doregan says he desires to erect an elevator to serve the hill at the incline road, or to bid on the franchise.

The petition of property owners asking that proceedings be begun to widen the street from Hill to Figueroa street, to a width of eighty feet, was granted.

Acting on a communication from the Committee on Public Parks of the Chamber of Commerce, the Board of Public Works, the board agreed to supply the Park Commission with the necessary funds to pay expenses to be paid from the park funds.

Action was again postponed on the application for a franchise on Los Angeles street.

J. S. Glover of Redlands, chairman of the San Gabriel Valley Water Board, appeared before the Board of Supervisors, appeared before the board in the interest of a patented oil road sprinkler.

Repairing the Outfall.

A report was made to the City Engineer yesterday by Superintendent T. Tilden of the outfall sewer on the cost of rebuilding a portion of the sewer in the section between the steel tanks had been in many places to a mere thread. A few months later it would have been impossible to rebuild the section on account of the extreme pressure on the pipe.

The City Engineer was instructed to present the ordinance of intention to build the tunnel at the next Council session. Property owners will then be given an opportunity to protest, and if it proves that a majority of the owners are in favor of the tunnel the big hole will be bored through where Hill street should be.

From First to Temple street the distance is 166 feet. As planned, the north and south portals and the tunnel proper will occupy 150 feet. From First street to the north side of the wall that is to form the south facade is 200 feet and the south portal extends this entire distance. The length of the tunnel proper is only 437 feet, while the distance from the north facade to the end of the north portal is 232 feet. The plans provide for a retaining wall for the west side of each entrance. The retaining walls vary in height along their extent from three to forty-nine feet. The wall of the south facade will be forty-nine feet long and forty-six feet in height. The wall forming the north facade will be 150 feet long and forty-six feet high. The top of these walls will be two feet in thickness and the walls will be three feet thick at the base. They will be surmounted by ornamental iron fences. The proposed tunnel has a maximum height of thirty-two feet inside and the height at the center is twenty feet. The arch is to be a semi-circle with a radius of sixteen feet.

Specifications have been drawn providing for the concrete construction of the tunnel and the facade and retaining walls. It is also planned to build a sidewalk from the north facade to the east side of Hill street and to six feet wide inside the tunnel and ten feet wide outside the tunnel.

It will be a most remarkable showing of public spirit if the people whose property is included in the assessment district agree to pay the expense of this improvement. The contract price for the tunnel is not believed to be more than \$100,000. The contract price for the Broadway tunnel was \$65,000, and its total cost about \$110,000. These tunnels were built with money raised by a bond issue voted by the entire city. The contractors were paid 75 per cent. of the cost of work actually done each month.

If the Hill-street tunnel is built as planned the contractor will be subject to the Vrooman act. He will not get a cent of money back until the improvement is completed, and he will have to run the risk of defective proceedings or of some action in court affecting the tunnel unless he is allowed at least 30 per cent. profit. By conservative estimate the tunnel through the hill between First and Temple street will cost the people of the city at least \$100,000, if they do not protest the work.

Laurens Holmes, who first circulated the petition, thought the total cost would not be more than \$20,000. Even the signed and stamped document may pause when they learn that the expense will be more than three times what was anticipated.

ART COMMISSION TO BEAUTIFY CITY.

NOW comes the Public Art Commission to the forefront of municipal affairs.

Concretely, the commission has not exactly arrived, but in the abstract it is engaging the attention of the quasi-public organizations of the city.

It has been discovered that Los Angeles is not as beautiful a city as the natural advantages warrant, and it is proposed to form a commission that will eradicate many of the defects.

A campaign against the unsightly billboards is one of the things that the new commission will consider within its sphere of action. If a public-art commission can demolish these last reminders of H. P. Hillbush's billboards, it will be a great service to the city.

Telephone and telegraph poles will be compelled to take to the tail timber when they come, once the art commission gets in full swing. Plans of public buildings will be scanned by the art commission and suggestions made. All this will be done purely for the love of art. The commissioners will be called to the attention of Mayor Snyder and the Councilmen will be called to the attention of the art commission.

Undoubtedly the attention of Mayor Snyder and the Councilmen will be called to the proposed commission in the near future. At present the plan for its organization is somewhat embryonic, but it is asserted that the influence of the Municipal League and the Chamber of Commerce will be sufficient to bring into being a public-art commission.

Intoxicants on Sunday, and paid a fine of \$10. This was the first case of the kind that was convicted by a jury.

Jennie Davis is a fine specimen of womanhood, physically, and she was convicted of drunkenness and disorderly conduct on Sunday and fined \$10.

THE FEDERAL COURTS.

EDITOR PICKETT SUES AN OIL COMPANY.

CLAIMS HE WAS BEGUILDED INTO BUYING ROTTEN STOCK.

California Consolidated Petroleum the concern into which the newspaper man put his savings—Advertising Deal That Didn't Pay Out.

A tale of tribulation founded on the uncertainty of oil stocks came to the surface yesterday in a complaint filed in the United States Circuit Court on behalf of T. E. Pickett of Hialeah, Idaho, against the California Consolidated Petroleum Company of this city.

Mr. Pickett, who is editor and publisher of the Hialeah News, claims that he was beguiled by the officers of the company, into purchasing oil stock that had no value whatever. In the complaint he alleges that in May, 1908, the respondents induced him to purchase stock in the company by representing to him that the company owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; that said corporation owned 2,500,000 shares of capital stock in fifty of the most solid and conservative oil companies operating in the State; that they owned valuable royalties on oil lands leased by the corporation to capitalists and other corporations, covering 300,000 acres of the corporation's land; that in the latter part of 1907, the respondents had tested oil lands in established oil fields of California; TODAY'S BANK CLEARINGS.

The clearing of the Los Angeles Clearinghouse today amounted to \$78,415.44, as compared with \$84,417.56 for the corresponding period of last year, an increase of \$14,001.94. Following is a comparative statement of local clearinghouse day by day for the week and as against, beginning Monday, October 26, 1903:

Day	1903	1902
Monday	\$104,000.00	\$102,000.00
Tuesday	\$100,000.00	\$100,000.00
Wednesday	\$100,000.00	\$100,000.00
Thursday	\$100,000.00	\$100,000.00
Friday	\$100,000.00	\$100,000.00

NO PUBLIC CALAMITY.

United States Treasurer Roberts said a true word in his address at San Francisco. "A calamity of the kind that is now being talked of," he declared, "is not a public calamity." This fact cannot be too often impressed upon the minds of the people. The calamity that is now being talked of is not a public calamity, but a private one.

[NEWS REPORTS FROM TIMES CORRESPONDENTS.]

WACKS WITH A CLUB ON A MINER'S HEAD.

SAN BERNARDINO SALOON MAN MAY BE A KILLER.

Jack Forsythe of Virginia Dale hit by Pete Beam and Fatal Injury Feared - Large Judgment Against Viridiana Water Company.

SAN BERNARDINO, Oct. 30.—Jack Forsythe, a miner from Virginia Dale, was hit on the head with a club last night by Pete Beam, proprietor of the "Sunbeam" saloon, and it is feared he was fatally injured. Soon after the terrible blow was struck the miner appeared to be partially paralyzed, and was taken to jail in a semi-conscious condition.

The dispute arose over a request of a loan by Forsythe for a small sum of money. Beam refused to advance the coin and it is said the miner, who was under the influence of liquor, attempted to attack him. After he was hit Forsythe managed to stagger out of the saloon.

This afternoon an operation was performed to relieve what is believed to be hemorrhage of the brain, by Dr. Meyer and Aldridge, but it is doubtful if Forsythe will survive. He was injured about the head several years ago while working in a mine on the desert. Beam's story is to the effect that Forsythe first asked him for money in the afternoon. Beam says he declined in a friendly way. In the evening Forsythe returned drunk and repeated the request. Being again refused, he called Beam a vile name and grabbed him by the collar. Beam shook him off and hit him twice on the head with a club.

WATER JUDGMENT.
A judgment was rendered this afternoon by Judge O'Connell in favor of the plaintiff in the suit of H. M. Crossman against the Viridiana Water Company for the sum of \$25,225. The plaintiff claimed that the company had absorbed his water rights into a company and had given him nothing in exchange. The defense defaulted.

MINING ASSOCIATION.
At a preliminary meeting held last night looking to the organization of the San Bernardino Mining Association, temporary organization was formed by the election of George M. Cooley as president, and J. F. Campbell secretary. The first purpose of the organization is to prepare a mining exhibit of creditable proportions for the St. Louis Exposition, which, it is believed, will be the means of interesting unlimited capital in the development of the desert section, such as used roads and an efficient water supply.

MERE MENTIONS.
The trial of H. E. Harris for \$1000 damages, opened today. According to the complaint, Eastman rented of Harris a storehouse at D and Ninth streets, and long-term lease. Eastwood moved his stock of goods onto the premises, but the alleged promised rent was not forthcoming, and a couple of months later the property changed hands and Eastwood was compelled to vacate. William Miller then entered a plea on a charge of murder has been extended to Monday morning.

A force of men is raising in the mountains northeast of the city, apparently some distance north of the city. A new business enterprise has been launched here, the San Bernardino Pickling Works, which has leased a large structure on Third street, which will be converted into an establishment for the manufacture of a large scale of pickled delicacies of every description.

The Baptist Church of this city has decided to extend invitations to two prominent divines of the Coast to hold a conference with the church, under the promotion of Bible study and the cultivation of the spiritual life. The conference will be held on the 2nd and 3rd inst. The speakers will include Rev. Dr. J. S. Mable, Rev. W. F. Eldon, Rev. Joseph Smale and Rev. Dr. W. H. Walker.

Ernest L. Anderson and Minnie Myrtle Sinclair, both of this city, were married last evening at the First Congregational Church parsonage by the Rev. Mr. McCarty.

Fortune is more so-called than when Stevenson lived, and she knocks at your door every morning, if you advertise in the Los Angeles Times. Telephone your wants to Red 41, and our San Bernardino Agency will take your ad, and send it to the main office.

ONTARIO.
"PHONE FELLOWS FOILED."
ONTARIO, Oct. 30.—The Home Telephone Company attempted to put a line of poles through the incorporated limits of Ontario today without a franchise and its workmen were notified by the Town Trustees to stop at once. They were crossing the colony at Fourth street. Poles are now up some distance from the west line, and holes are dug as far as Euclid avenue.

NOTABLES OF NEWS.
The boss of the Home Telephone Company's gang at work here hired a horse and buggy from Kennedy's stables today. The horse ran away and made a total wreck of the vehicle. Rev. B. F. Hewlett will start on a lecture tour the first of next month in the interest of the Prohibition party, under the direction of the State organization.

Mrs. Lila Brady of Long Beach made an official visit on Tuesday to the Woman's Relief Corps, here. E. W. Reid, County Supervisor, was inspecting roads here Wednesday. The ordinance requiring all bicycles to have a bell at the day time and a lamp at night, is in effect.

Small "want" advertisements in the Times bring swift and sure returns. Telephone your wants to Main 510 and our Ontario Agency will take your ad, and send it to the main office.

REDLANDS.
GAME PROTECTORS.
REDLANDS, Oct. 30.—The Redlands Fish and Game Protective Association

was organized last evening in the Y. M. C. A. The attendance indicated much interest among the local sportsmen. H. T. Payne of the State Commission spoke of the necessity of rigidly enforcing the fish and game laws, and restocking the streams.

The charter members of the organization are W. R. Heacock, M. W. Hill, W. F. Stitt, L. D. Whittemore, R. Weiss, H. H. Stone, J. H. Dinwoodie, M. Phelps, G. M. Taylor, J. R. Siring, J. C. Siring, L. E. Klefberger, Lynn M. King, H. R. Gaines, L. G. Haight, B. W. Cave, S. Williams, C. F. Spates, W. C. Whittemore, Homer Knight, William G. Cross, S. F. Lohr, V. A. Leech, C. E. Skuce, Robert Leith, J. C. Reeves is president; L. D. Whittemore vice-president and Robert Leigh secretary.

BAPTIST PROSPERITY.
The annual meeting of the First Baptist Church, Rev. W. F. Harper, pastor, was held last evening with a large attendance. The clerk's report showed a membership of 424, an increase of 144 for the year. The treasurer reported a disbursement of \$717.42 out of a total of \$2444.87 on hand. The total enrollment in the Sunday-school is 556, with an average attendance of nearly 500. The People's Society has a roster of 75, the Junior Society 54. The Young People's Society reported \$125.45 raised for the year.

A feature of the evening was the report of the pastor, who has been with the church nearly ten years. The Board of Trade has appointed a special World's Fair Committee consisting of C. M. Brown, chairman; H. L. Graham, H. P. D. Kingsbury, J. P. Spencer, C. J. Curtis, and J. H. Dinwoodie. The board is planning a large quantity of literature for distribution.

The ladies auxiliary of the Y. M. C. A. has been holding a rummage sale for three days at the Methodist Church, the proceeds to be used in purchasing a piano for the association. Articles were received in such numbers that the sale, which was advertised to close today, is to be continued tomorrow and tomorrow evening. The receipts for Thursday night were over \$100.

Capt. Reed of the Salvation Army, who will leave for another field next week, will address the men's meeting at the Y. M. C. A. tomorrow evening. Articles of the Rome Beauty variety, which was brought to the Board of trade yesterday, weighed twenty-five ounces and measured eighteen inches in circumference. It came from the Peters & Evans ranch. A box taken from the same tree is to be sent immediately to the Los Angeles Chamber of Commerce.

"To be or not to be" may very properly be called a question, but advertisement in the Los Angeles Times is a question; results are sure. Telephone Main 29, and our Redlands Agency will take your ad, and send it to the main office.

RIVERSIDE.
LAYING OUT NEW LINKS.
RIVERSIDE, Oct. 30.—Under the supervision of F. M. Heath, one of the most expert and practical of Riverside's big builders of good roads, a newly-organized Victoria Club is having laid out a fine nine-hole golf course in the Terquilete Arroyo, a short distance east of Victoria Hill. Near the site of the new clubhouse, the hole will embrace smooth and hilly country, and will be "sports" enough to suit the most fastidious, with natural and artificial bunkers all along the line. At the first hole, there will be a drive from a bluff over a point of a hill to a flat—400 yards. The second hole—a drive over a ridge—375 yards; third hole—a point to a hill—200 yards; fourth hole—340 yards, green at top of low hill; fifth hole 150 yards, up hill; sixth hole—200 yards, over a green; seventh hole—200 yards, over a green; eighth hole—200 yards, over a green; ninth hole—200 yards, over a green.

The Baptist Church of this city has decided to extend invitations to two prominent divines of the Coast to hold a conference with the church, under the promotion of Bible study and the cultivation of the spiritual life. The conference will be held on the 2nd and 3rd inst. The speakers will include Rev. Dr. J. S. Mable, Rev. W. F. Eldon, Rev. Joseph Smale and Rev. Dr. W. H. Walker.

Ernest L. Anderson and Minnie Myrtle Sinclair, both of this city, were married last evening at the First Congregational Church parsonage by the Rev. Mr. McCarty.

Fortune is more so-called than when Stevenson lived, and she knocks at your door every morning, if you advertise in the Los Angeles Times. Telephone your wants to Red 41, and our San Bernardino Agency will take your ad, and send it to the main office.

ONTARIO.
"PHONE FELLOWS FOILED."
ONTARIO, Oct. 30.—The Home Telephone Company attempted to put a line of poles through the incorporated limits of Ontario today without a franchise and its workmen were notified by the Town Trustees to stop at once. REDLANDS.
GAME PROTECTORS.
REDLANDS, Oct. 30.—The Redlands Fish and Game Protective Association

was organized last evening in the Y. M. C. A. The attendance indicated much interest among the local sportsmen. H. T. Payne of the State Commission spoke of the necessity of rigidly enforcing the fish and game laws, and restocking the streams.

The charter members of the organization are W. R. Heacock, M. W. Hill, W. F. Stitt, L. D. Whittemore, R. Weiss, H. H. Stone, J. H. Dinwoodie, M. Phelps, G. M. Taylor, J. R. Siring, J. C. Siring, L. E. Klefberger, Lynn M. King, H. R. Gaines, L. G. Haight, B. W. Cave, S. Williams, C. F. Spates, W. C. Whittemore, Homer Knight, William G. Cross, S. F. Lohr, V. A. Leech, C. E. Skuce, Robert Leith, J. C. Reeves is president; L. D. Whittemore vice-president and Robert Leigh secretary.

A New Wrinkle, (No. 12.)

Friscasse of Dried Beef.
1 cupful sliced dried beef (chopped fine)
1 tablespoonful butter
1 pint milk
1 egg
One-fourth teaspoonful Armour's Extract of Beef.
Mix the butter in milk in boiling dish. Add the extract and the dried beef, cook about five minutes. Beat the eggs, add slowly, and stir until the sauce is thick. Serve on toast or fried bread.

Is taken from edition of *Leve's Culinary Wrinkles* (just out) which will be sent postpaid to any address on receipt of a metal cap from jar of Armour's Extract of Beef. ARMOUR & COMPANY, CHICAGO.

Armour's Extract of Beef

The Best Extract of the Best Beef

Yegias Helminthological Institute, 708 S. E. corner Seventh and Broadway, Los Angeles, Cal.
Treats worms, stomach, intestinal worms and all other kinds of parasites. The human body can be easily removed by the Yegias treatment under expert charge of Dr. Harrison.

Acute and Chronic DISEASES OF MEN Successfully Treated

We are thoroughly reliable, our references are of the best. Our large practice is built upon merit. The merit of our methods is proven by our success.

DR. HARRISON has an established reputation, second to no specialist in the country; by his successful treatment of the most difficult cases of men, he has placed himself in the front rank of America's specialists in diseases of men. He speaks for himself and brings to him the most difficult cases of men. A consultation with him costs nothing.

Contracted Diseases
Always become chronic if improperly treated. Dr. Harrison's long and successful experience has brought him perfect knowledge of the treatment of all contracted diseases. He makes full and complete cures of all contracted diseases. The happy results of his treatment are becoming widely known. "Cured patients" are sending their friends to him. Every man who is afflicted with any of the above diseases should be treated. If you are unfortunate, attend to the trouble at once. Consult an experienced specialist.

Stricture
It is now an established fact that Dr. Harrison & Co., by their method of treating stricture, make an absolute and permanent cure. This they do by the use of a special instrument, which they call the "Harrison's Cure." They will show a dozen cases of cured stricture. Our method is painless, simple, safe and the cure is for life. Call and see us regarding your stricture.

Varicocele
It is now an established fact that Dr. Harrison & Co., by their method of treating varicocele, make an absolute and permanent cure. This they do by the use of a special instrument, which they call the "Harrison's Cure." They will show a dozen cases of cured varicocele. Our method is painless, simple, safe and the cure is for life. Call and see us regarding your varicocele.

FREE FROM UNIONISM IS SANTA BARBARA.

REMARKABLE CHANGE BROUGHT BY STAND FOR LAW.

Citizens' Alliance Reports Public Sentiment Revolutionized and Industrial Conditions Greatly Improved—Proposition for City to Purchase Oak Park.

(SPECIAL CORRESPONDENCE OF THE TIMES)
SANTA BARBARA, Oct. 30.—The business of Santa Barbara is no longer under union control. The efforts of the Citizens' Alliance, the absolute power of the unions is a thing of the past, and business conditions are never better. This state of affairs is made clear by the following written statement of existing conditions, which has been compiled by a member of the Executive Committee of the Citizens' Alliance. In the course of his report he says:

"The city believes in the open shop and will not tolerate union control. Many contractors are carrying on their operations with more interest and profit than ever before. A petition is now being circulated asking the Council to purchase a small tract of land in the western part of the city, known as Oak Park, for park purposes, in order that a fine grove of trees may be saved from destruction."

County Superintendent of Schools Edwards has been notified that fourteen Filipino boys will shortly be in the county to attend school here. The boys will be assigned to the village schools where they will be thoroughly drilled in the elementary branches.

Arthur Ashcroft, the young man who was captured here a day or so ago by Chief of Police Ross, with stolen goods in his possession, has been held to answer by Justice Wheaton on a charge of burglary. The bonds were fixed at \$2000 in default of which Ashcroft went to jail.

The charred bones of Justus Hawig, a prominent citizen of Dubuque, Ia., were found in the ashes of a barrel here yesterday. The skull had been fractured. It is believed that Hawig was murdered.

Open Sores
can be cleaned out, the suppuration stopped, and a cure effected by the use of

Hydrozone

Only morbid matter is destroyed by this marvelous germicide, which allows Nature to build up healthy tissue.

Used and endorsed by leading physicians everywhere.

When not at your druggist's, sent prepaid on receipt of postal note for 25 cents for trial bottle.
